Re: Permit to Operate: Currituck County Transfer Station
Permit amendment
Wake County, North Carolina, Permit No. 27-03T, Doc ID No. 6419

Dear Mrs. McQueen:

Enclosed is Permit No. 27-03T for the Currituck County Transfer Station in Currituck County. The Permit is issued for a five-year period and approves the continued operation of the facility.

In general, the new facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans.

Please review the conditions of the permit thoroughly. Mr. Chuck Boyette is the Solid Waste Section Waste Management Specialist for your area, and can be reached at (252) 794-2705. If you have questions about your permit, please contact me at (919) 508-8496.

Sincerely,

Elizabeth S. Werner
Hydrogeologist
